A STATEMENT OF THE DESCRIPTION OF TYPE AND FREQUENCY OF PROGRAMS DESIGNED TO INFORM STUDENTS AND EMPLOYEES ABOUT PROCEDURES AND PRACTICES TO ENCOURAGE RESPONSIBILITY FOR PERSONAL AND COMMUNITY SAFETY -- 34 CFR 668.46(b)(5)

The Education Department disseminates information about campus safety policies and procedures through class announcements and via the student portal.

Students are encouraged to be responsible for their own safety as well as the safety of others.

- Be alert and aware of your surroundings.
- Walk with confidence and purpose, and limit distractions, such as talking on your cell phone or texting.
- Avoid isolated areas. It is more difficult to get help if no one is around.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable then leave immediately.
- Charge your cell phone and have it with you.
- Walk in well-lit areas and try not to walk alone. Be wary of isolated spots, like parking garages, stairwells, offices after business hours and apartment laundry rooms.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- Avoid walking or jogging alone, especially at night. Vary your route. Stay in well-traveled, well-lit areas.
- Always have your keys out and ready before you reach your door – home, work or the car. Look inside the car before you get in.
- Lock all entrances (windows, doors and sliding glass doors) into your home at all times.
- Never open the door to strangers. Install a wide-angle peephole in the door, and require salespeople or repair people to show identification.
- If strangers call or come to your door, don't admit that you are alone.
- Know your neighbors so that you can call on them if you need help.
- If you're in a social situation, watch out for your friends and vice versa.
- Never leave your drink unattended, and don't accept drinks from people you don't know (f)y3DC /-T5 0 Td[f5T9 Tc 0 Tw 5.34 0 Td(.)Tj0 gPjEMC /LB6dy ^MC-2 5T9 .

Students with alcohol-or drug-related problems may be referred to or seek assistance from within the Education Department. They can help provide referrals to trained professional and paraprofessional counseling for drug and alcohol abuse prevention, education, counseling, as well as locations of free alcohol-abuse awareness programs in the community. A biennial review of Lincoln College of Technology compliance with the “Drug Free Schools and Campuses Act” is conducted.

Lincoln College of Technology website provides a copy of the school’s Drug Prevention Program, as well as providing it on the student and faculty portal at:

Consent

Consent is based on choice. Consent is an intelligent, voluntary, informed decision by someone capable of making such a decision. In order for there to be consent in a sexual situation, there must be an affirmative statement or action by each participant. Consent does not exist if coercion, threats,

Stalking

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress. A "reasonable person" under the definition of stalking means a reasonable person under similar circumstances. Acts of stalking may include acts in which the stalker, either directly, indirectly, or through a third party, follows, monitors, observes, threatens, communicates to or about a person, or interferes with a person's property. Stalking may include communication through electronic communication such as text messages or social media ("cyberstalking").
Stalking is a violation of Lincoln College of Technology policy and a reportable offence under the Clery Act.

bystanders, standing by and taking insufficient or no action, or whether we will be active bystanders who are engaged and take the necessary action to prevent sexual violence. An active bystander has the power to prevent sexual violence from occurring and to assist survivors of assault in getting the help they need. A passive bystander is someone who stands by and fails to take the necessary safe action to prevent sexual assault and gender-based violence and misconduct. An active bystander is someone who commits to making a choice to become involved. The first and foremost thing to remember as an active bystander is that you don't do anything that puts your safety at risk! Many, if not most of the actions you will take as an active bystander will be calling on others, such as Campus Safety or the police, for help. Always remember that if you or someone else is in immediate danger, call 911. The goal is to promote a culture of accountability that helps prevent sexual assault and misconduct without causing additional threat or harm to others.

- Identify the location of the emergency. It is essential that students and staff avoid evacuating into the areas involved in the emergency.
- Identify the type of emergency, if possible, which will determine the evacuation process and the order of evacuation.
- Identify students and staff that may need assistance in evacuating the premises.
- Students and staff should proceed to designated meeting areas. Instructors should immediately take attendance to ensure everyone assigned to his/her class has evacuated the building and is accounted for.
- Instructors should immediately report any absence(s) of students not at the meeting point as identified by the local emergency response team, to emergency personnel at the scene or to the Campus President or designated CSA.
- Students should not be permitted to leave the meeting area without notifying their instructor of their intention to leave the premises and their destination.
- Reentry of the facility is not permitted unless approved by the Campus President or the designated CSA after consultation with emergency personnel at the scene.
